

Elbow Flange Weld Tester

www.ik-uk.com
www.royalmechgroup.com

Pipe Schedule: VARIOUS

ANSI Rating: 150 - 300 Standard

Size Range: 6" through 24" (*Larger sizes on request*)

IK-UK's Elbow Flange Weld Testers reduce the cost by carrying out localised pressure testing on new and existing flange welds and pipe components.

Each test utilises a minimum amount of water.

The body is manufactured from high grade carbon steel.

The tyres are manufactured from high performance polyurethane elastomer.

General Function and Application

- Tools capable of carrying out horizontal, vertical and inclined applications.
- Non-standard sizes available – *please request information.*
- No special tools required.
- Easy to install and remove.
- Self locating capability.
- Suitable for use with most test mediums.
- Can be used in a range of pipe schedules.
- Instructions and hydrostatic test certificates supplied.
