

Flange Weld Tester

www.ik-uk.com
www.royalmechgroup.com

Pipe Schedule: VARIOUS

ANSI Rating: 150 - 900 Standard *(Higher on request)*

Size Range: 1/2" through 24" *(Larger sizes on request)*

IK-UK's Flange Weld Testers reduce the cost by carrying out localised pressure testing on new and existing flange welds and pipe components.

Each test utilises a minimum amount of water.

The body is manufactured from high grade carbon steel.

The seals are manufactured from high performance polyurethane elastomer.

General Function and Application

- Incorporates integral safety bypass port
- Tools capable of carrying out horizontal, vertical and inclined applications
- Non-standard sizes available *-please request information*
- No special tools required
- Easy to install and remove
- Self locating capability
- Suitable for use with most test mediums
- Can be used in a range of pipe schedules
- Instructions & hydrostatic test certificates supplied

AVAILABLE FOR HIRE
